For further details or to request fabric samples, please contact our Sales Team on Tel: 020 8699 8993 or email: enquiries@stirlingmedical.org.
Stirling gave us personalised attention right through the ordering process. They listened to our requirements and they were flexible in accommodating our specialist needs.

Senior Charge Nurse, Theatre Department

We found their services to be extremely professional and would have no hesitation approaching Stirling for future requirements.

PICU - Matron

We would have no hesitation in recommending Stirling Medical. Their Systeméd trolleys are built to a high standard and the recent purchase of 18 of them for our emergency department has proved to be of daily benefit to our staff.

Senior Sister, Emergency Department

Excellent customer care and support. Stirling staff work collaboratively with their customers to find solutions that suit the users and the department. Good value for money.

Project Co-ordinator

We found their services to be extremely professional and would have no hesitation approaching Stirling for future requirements.

Project Co-ordinator
With our regional offices and distributor network we are strategically placed to attend to your requirements with a personal service. Whether you are looking for a complete materials management system or equipment for a single room, contact the Sales Department today and we will be glad to help.

**STIRLING Medical and Scientific**

Further ranges and products available.
Please contact our sales department for information.

**DELIVERIES/SERVICE**
We undertake to do our utmost to execute every order within the shortest possible time. There are three different delivery bands. The lead times for these three bands are as follows:

**IN STOCK**
Products held in stock in our warehouse and normally available for delivery within 2-4 working days of receipt of order.

**SPEED RANGE**
These are popular product lines normally available for delivery within 5-10 working days from receipt of order.

**TO ORDER**
These are all other sizes and products not held in stock or on Speed Range status and are normally available within 20-25 working days from placement of order.

We cannot accept liability for any direct or indirect loss which may arise if a delivery is delayed due to unforeseen circumstances or conditions beyond our control.

**CARRIAGE COSTS**
Variable charge according to distance and order value.
Same day/timed or dedicated vehicle. Charged at cost + 5%

Please note: We cannot accept responsibility for damaged or missing goods unless we are notified in writing within 3 working days of receipt of delivery. For goods arriving via carrier or courier, please ensure that any damage or deficiency is noted on the driver’s docket/proof of delivery at the time of delivery as it is impossible to make a claim against the courier once a delivery has been signed for as “received in good condition”.

**WARRANTY**
All materials are under warranty for a twelve month period. Within this period we will replace free of charge any components that prove to be of defective manufacture. Please note that this warranty will be rendered null and void if items have been overloaded, abused, dismantled and re-erected incorrectly or mistreated in any way.

Due to lighting conditions and the reprographic process, there may be some slight difference in coloration of the actual products than appears in the photographs. As part of our programme of continuous improvement, Stirling reserve the right to change and update products without prior notice.

**REGIONAL OFFICES**

**TERMS OF TRADING**

**RESERVATION OF TITLE/RE-STOCKING/ORDER CANCELLATION**
Please note that under our trading terms, title of goods supplied only passes from the company on receipt of payment. We are able to re-stock (take back) standard stock items if required. A recognised re-stocking charge of 15% of the order value will be applied. Goods must be undamaged and in re-saleable condition. In the case of an order cancellation for non-stock items where goods have been specifically purchased or manufactured against a confirmed purchase order it may not be possible for us to avoid raising an invoice for the full original purchase order value.

**PAYMENT TERMS**
Credit account facilities are available subject to satisfactory bank and trade references being obtained. With approved accounts, our terms are that payment is due in full within 30 days from the end of the month in which the goods/services were delivered/provided. For non-account transactions we accept payment by cheque, cash, bankers draft, VISA, Mastercard and BACS. (For cheque payment please allow sufficient time for funds to clear.)

**FIVE KEY DESIGN CONSIDERATIONS**
Systemised trolleys can have a positive impact on any of the 5 key design considerations marked with the symbols shown:

- Security and privacy
- Staff safety
- Infection prevention + easy clean
- Anti bacterial powder / nylon coating
- Year guarantee"
